STORM HEADED TO THE SEA

Floodtides Caused by Northeaster at New York.

AND ALSO AT CONEY ISLAND

Waters of Hudson Roll Over Thirteenth Street—Coney Is Pounded by Highest Tide In Thirty Years. Railroads Are Inundated.

New York, Oct. 20.—The Evening Telegram prints a dispatch from Havana reporting more than 100 persons dead from the cyclone there. The cruiser Brooklyn was torn from her moorings and thrown on the shore.

Havana Still Isolated.

New York, Oct. 20.—Havana and southern Florida were still isolated, so far as wire communication is concerned, at an early hour Friday. Late reports from the storm which cut off wire communication were that it had left the south Florida coast and headed out to sea.

In this city and vicinity the precursors of the hurricane were abnormally high tides at Coney Island and along the shore of the Hudson river in Manhattan, a fresh breeze all Wednesday night, Thursday and Thursday night and rain.

The northeaster which has been blowing here for two days has driven in the water of the Hudson, which rolled over Thirteenth avenue Thursday forenoon a foot deep.

Hudson river experts say this is the highest tide in 30 years.

Coney Island had one of the highest tides ever seen on the island. It pounded the great bulkhead at the foot of Ocean Parkway. Waves rolled over it with a boom, and inundated the roadways, bicycle paths, tracks of the Brighton Beach railroad and the grounds of the Hotel Riccadonna.

Great Damage Done.

New York, Oct. 20.—The Western Union Telegraph company announces that their cables to Havana are intact and that communication with its office has been had, but no details as to any storm damage has been received. The opinion is expressed that no great damage has occurred, or information to that effect would have been forthcoming. A man who arrived Friday morning at Fort Pierce, 150 miles north of Miami, Fla., says that there has been great damage to houses and buildings along the east coast, but no loss of life is reported.

HIGH SPRINGS HAPPENINGS.

A Minister of the Gospel Loses Heavily By Fire—Other Notes of Interest.

High Springs, Oct. 20—The house occupied by the Rev. G. E. Thompson, and belonging to L. C. Gracy, was burned this week, and the contents almost an entire loss, as the fire had progressed extensively before it was discovered. Mr. Thompson was away holding a meeting in Fort White. He sustained a great loss in the destruction of his theological library, which contained many valuable works.

Mrs. W. T. Knight of Savannah has returned to her home, after a pleasant visit to relatives in High Springs.

The New Century Club was reorganized this week, and the study for the year selected. The students' reference work will furnish topics for study.

Mr. and Mrs. George Walworth of Birmingham, Ala., who have been on a business and social visit to High Springs, returned this week. They were entertained while here by Mr. and Mrs. W. C. Summers.

Mrs. E. K. Anderson has returned from her summer's outing, much to the gratification of her friends.

Mrs. Modes Mathers of Micanopy has moved to High Springs, and will make her home with her daughter, Mrs. W. P. Summers.

The school, under the management of Miss M. A. Mann, principal, is progressing finely with a good attendance and full corps of teachers.

DRAINAGE QUESTION TO BE DISCUSSED

Voters of Three Alachua County Precincts To Hear Argument.

A VERY DISTINGUISHED TRIO

Governor N. B. Broward, Hon. A. G. Hartridge and Judge Syd L. Carter Will Tell the People Why the Amendment Should be Adopted.

The good people of Alachua county—at least of three towns and precincts—will have an opportunity of hearing addresses upon the necessity of the adoption of the Constitutional amendment in reference to the reclamation of the Everglades this month.

The speakers will be His Excellency Governor N. B. Broward, Hon. A. G. Hartridge of Jacksonville, and Judge Syd L. Carter of this city.

The dates set for the speaking, as announced by hand bills, are as follows: Alachua, Thursday, October 25, at 11 o'clock a. m.; Micanopy, Thursday, October 25, at 8 o'clock p. m.; Hawthorn, Friday, October 26, at 11 o'clock a. m.

The speakers upon this important question extend to the voters a cordial invitation to "come out and receive information."

The meetings will no doubt be well attended, as each of the distinguished trio are excellent orators.

THE DRAINAGE AMENDMENT

ARTICLE XXVIII.

That the following amendment to Article XVI of the Constitution of the State of Florida be and it is hereby agreed to and shall be submitted to the electors of the State at the general election, to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection.

Section 32. The Governor, the Comptroller, the State Treasurer, the Attorney-General and the Commissioner of Agriculture of the State of Florida, and their successors in office, are hereby constituted and designated as a board of drainage commissioners, and are hereby authorized and empowered to establish a system of canals, drains, levees, dikes and reservoirs of such dimension and depths, as in the judgment of said board of drainage commissioners is deemed advisable, to drain and reclaim the swamp and overflowed lands within the State of Florida, or such parts or portions thereof as is deemed best by said board of drainage commissioners from time to time, and to provide for the irrigation of the lands reclaimed, and to maintain such canals, drains, levees, dikes and reservoirs in such manner as will be most advantageous to the territory so drained, the State of Florida, its inhabitants and the commerce thereof.

Section 33. That the board of drainage commissioners are hereby authorized and empowered to establish drainage districts and fix the boundaries thereof in the State of Florida. That the board of drainage commissioners be and it is authorized and empowered to prepare a list or lists of all the alluvial or swamp and overflowed taxable lands within such drainage district or districts, and levy thereon an acreage tax not exceeding ten cents per acre per annum to be fixed annually by said board of drainage commissioners, and the various tax assessors of the various counties embraced in part or in whole within such drainage district or districts shall receive such list or lists and enter the same upon the tax rolls of the county or counties in which such lands may lie and the amount so levied by the board of drainage commissioners in such manner and form as may be prescribed by the board of drainage commissioners from time to time, which amounts shall be collected by the various tax collectors of the counties wherein such levees have been made as other taxes are collected in accordance with law, and pay over said amounts collected to the board of drainage commissioners; said commissioners shall have a lien superior to all other liens upon the taxable lands in any such drainage districts to be enforced by tax levy, for the cost of any work done under the provisions hereof, or done prior to the adoption of this amendment, under the provisions of an act of the Legislature passed in 1905.

Section 34. That the board of drainage commissioners be and it is authorized to exercise the right of eminent domain in the condemnation of land for the location of its canals, drains, levees, dikes and reservoirs for the purpose aforesaid and may enter upon, take and use such land as it may, pending condemnation proceedings, deem necessary for such purposes, and in ascertaining the compensation to be paid for such land or right of way, benefits to be derived from such drainage shall be considered by the jury.

Section 35. The Legislature may provide for the assessment of benefits derived by lands by reason of such drainage, and the collection thereof; the proceeds therefrom shall be paid to the board of drainage commissioners to be used by them for such drainage purposes.

Approved May 27, 1905.

TEN LOSE LIVES IN BIRMINGHAM FIRE

Boarding House Destroyed with Horrible Results.

STILL SEARCHING FOR VICTIMS

Impossible to Identify Any of the Bodies, as They Are Burned Beyond Recognition—Believed to Have Been of Incendiary Origin.

Birmingham, Ala., Oct. 20.—Ten men were burned to death, two seriously and perhaps fatally injured and a third slightly hurt, by jumping from the second story as the result of a fire which destroyed the boarding house of Mrs. E. E. Watley, at 1131 Third avenue, between 2 and 3 o'clock Friday morning.

The dead:

W. N. Nichols, street car conductor.

D. B. Neal, street car conductor.

W. B. Taylor, street car motorman.

G. C. Preston, conductor.

Edward Caldwell, motorman.

E. B. Henshaw, conductor.

Gordon D. Burns, motorman.

William T. Hall, conductor.

W. B. Livingston, rolling mill man.

Ollie H. Hines, employe of Birmingham Paint and Glass company.

The injured:

C. E. Hentch, street car conductor.

G. W. Troutman, motorman.

C. E. Keith, street railway employe.

There were 21 boarders in the house, almost all of whom were street railway employes.

In addition there were three other persons, Mrs. Watley and her two sons. All have been accounted for.

All the dead and injured occupied rooms on the second story of the house.

The flames enveloped the entire building when the fire was discovered, and it was with the greatest difficulty that the persons on the lower floor made their escape. They saved nothing, and every piece of furniture in the house was burned.

The fire is thought to have been of incendiary origin. Burglars have been detected on the premises twice within the last two months, and Mrs. Watley thinks the house was burglarized Friday morning and then set on fire.

Thieves were discovered at work during the progress of the flames, and the police were called to keep guard.

The dead were burned beyond recognition.

The ten charred bodies are at the morgue, where it is impossible to tell one from the other. The names given are those of the missing, the number corresponding with the number of corpses found.

When the fire department reached the scene of the holocaust the body of a man was seen hanging from a second story window. A ladder was quickly raised and the form taken down. The man was dead and burned beyond recognition. He had made a desperate effort to escape but failed.

Another body was found in bed, indications being that the man had been suffocated in his sleep and then burned to a crisp.

A body in an attitude of prayer was discovered in the corner of one of the rooms. The man's hands were uplifted and he was on his knees.

Several corpses were found on the stairway and near windows, showing that those victims had sought to flee from the burning structure, but were overpowered and died.

Other corpses had dropped to the ground floor when portions of the second floor fell in.

It was after daylight before the ten bodies had been found and removed. Later a second search of the ruins was made, but no additional corpses were found, and as no others are missing, it is believed that ten deaths make up the total fatalities to date.

C. TOUSEY WAS HEAVILY TOUCHED

Burglar Entered His Room and Relieved Him of Big Wad.

$165 WAS EXTENT OF HIS LOSS

Burglar Entered the Home From the Bath-Room Window On the Second Floor, Proceeded to the Lower Bedroom and Secured the Money.

O. C. Tousey, an energetic and hard-working citizen of this city who has by economy and strict attention to his duties managed to save up considerable money within the past year, has been feeling badly for the past few days over the robbery of his home, in which he is $165 in cash short.

On Saturday evening it is usually the custom of the members of the household to go shopping. While they were thus engaged some miscreant entered the bathroom window on the second floor, by means of a ladder, and, going down-stairs into the bedroom of Mr. and Mrs Tousey, secured two bags, containing in all the amount above stated. The party or parties also secured a watch, but dropped the timepiece as they were descending the ladder and never stopped to pick it up.

Mr. Tousey is employed as a salesman at the store of J. G. Harrold. He is an industrious and hard-working citizen, and his friends greatly deplore his serious loss.

Mr. Tousey stated Thursday that he had not given the secret before to any persons but the officers, with a hope that he would be enabled to apprehend the burglar.

FUNERAL OF MR. JORDAN.

One of the Largest Crowds Ever Seen in Gainesville at Similar Occasion.

One of the largest crowds ever assembled on a similar occasion gathered at Holy Trinity Episcopal Church Thursday morning to attend the funeral of B. F. Jordan, who died Wednesday morning.

The services were conducted at the church by Rev. Francis H. Craighill, rector, and were very impressive. At the conclusion of the services the remains were taken in charge of by Gainesville Lodge No. 990, B. P. O. E., of which deceased was a member, with an escort from Center Lodge No. 11, I. O. O. F., and Colfax Rebekah Lodge No. 2, I. O. O. F. who accompanied the remains to their last resting-place.

The floral decorations were as plentiful as they were handsome, and fragrant, which attested the popularity of the deceased.

As a remark of respect to the deceased, and as a further evidence of the esteem in which he was held, all places of business in the city were closed during the funeral services, which were about an hour.

In the death of Mr. Jordan the people of Gainesville lose a valuable friend, and the city one of its most ardent and progressive citizens.

A DELIGHTFUL OCCASION.

Granite Shower Tendered Miss Corpew by Mrs. O. C. Husband.

Melrose, Oct. 19—A distinctly local shower of a very pleasing description fell in Melrose on Monday afternoon for the special benefit of Miss Flossie Corpew in the shape of a granite shower given by Mrs. O. C. Husband, and the many friends assembling at 4 o'clock were received by the hostess and ushered into the parlor, which was most prettily and gracefully decorated with trailing ivy and pot plants.

After a refreshing cup of tea, Miss Sadie Mullen and Miss Nora Husband entertained the guests with some delightful music, after which the hostess invited the bride to lead the way to an adjoining room to view the many useful pieces of granite-ware displayed on a long table. The proverbial rain of "cats and dogs" was nowhere to this shower of pots and pans and kettles of every size and description. The rhymes accompanying many of the gifts were most amusing and appropriate.

Later on delicious refreshments were served in the dining-room, the color scheme of decorations being pink and green.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

SOUTH BOUND TRAVEL.

Thirty-Six Passengers in One Body Bound For St. Petersburg.

Travel on all south-bound trains is unusually heavy for this season of the year, which is naturally an evidence that the season will be an early and a large one. Already there are many strangers in Gainesville, and many who usually come in November and December are already here for the winter.

The south-bound passenger train over the Atlantic Coast Line Thursday had an extra coach, this coach being used for the accommodation of one "block" of thirty-six passengers from the Northwest, with St. Petersburg as their destination.

The boarding houses and hotels of Florida will reap a good harvest the coming season.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the great discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

For Toting a Pistol.

The carrying of concealed weapons has proved a costly proposition to those who have been apprehended, and there are many; but it does not seem to have the warning effect upon others who persist in violating this law, with the result that the coffers of the county are frequently increased to the extent of a heavy fine.

The latest victim recorded is Steve Thigpin, a negro who was arrested in Newberry by Constable J. D. Siford and convicted in Justice Henderson's court, being fined $100 and costs or six months in the "gang."

Thigpin being financially embarassed, was brought across country by Officer Siford to jail in this city, but upon his arrival here found a party awaiting him to pay the money, when Thigpin was released.

SKIN DISEASE
FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action. This fiery acrid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy which is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood.

Dear Sirs—My body broke out with a rash or eruption which in spite of efforts to cure continued to get worse. The itching, especially at night, was simply terrible. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. was determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely.

J. P. CALHOUN HAS PASSED AWAY

Most Widely Known Attorneys in State Is No More.

AT PALATKA HOME

An Illness Which Covered a Period of Several Weeks—A Man With Illustrious Legal Career, Well Known and Appreciated by State Bar.

Information reached this city Saturday of the death of Benjamin Putnam Calhoun, which occurred at his home in Palatka at 2 o'clock on the afternoon of that day of pneumonia and Bright's disease, after an illness covering a period of several weeks.

The deceased has been one of Florida's leading attorneys for a quarter of a century. He was for many years associated with Hon. Robert W. Davis in the practice of law, afterwards having associated with him Judge Calvin Giles. At the time of his death he was the senior member of the firm of Calhoun & Calhoun, the junior member being his son, Captain E Noble Calhoun.

When the new Eighth Judicial Circuit was created by act of the Legislature, Col. Calhoun was appointed, by Governor Jennings, State Attorney, which position he has filled with credit to honor and impartiality. No member of the Florida bar was more highly esteemed, and his colleagues throughout the State will regret exceedingly his death.

Benjamin Putnam Calhoun was a grandson of John C. Calhoun, the great statesman so well known throughout the country. He was born in New York City about fifty years ago, but came to Florida when an infant, and has since made his home in St. Augustine and Palatka.

Deceased is survived by a devoted wife and several sons, one of whom, William, is in the United States navy and is on a cruise abroad.

EMERSON BUYS PROPERTY.

Fine Farm and Effects of W. G. Richardson Has Been Sold.

A. H. Emerson of Tacoma has come into possession of some new and valuable property, the farm of Mr. and Mrs. W. G. Richardson having been purchased by him.

This farm is small, but a good one, being one of the most fertile in the Tacoma section. It is known as the Bruce place, and when a trucker could not grow lettuce and cucumbers and other things on that land, he was put down as a "fellow who couldn't grow anything anywhere."

Sixteen acres of this farm is cleared and under good fence. The remainder is timber land, but can be cleared at the pleasure of the owner.

Mr. Emerson's friends are congratulating him upon the purchase of this valuable tract.

Nothing can harm you but yourself.

BUYERS WILL BE OUT.

May Not Be Enabled to Furnish Spinners Without a Loss.

Information has been received in this city from a supposedly reliable source that the firm of M. L. Burnett & Co., Live Oak, a few days recently made a consignment of a large quantity of Sea Island cotton f. o. b. Live Oak, 24 cents, which found a ready market in Savannah at 24½ and 25 cents.

If this be true, it will prove a heavy blow to several prominent buyers throughout the Sea Island cotton belt who contracted early in the season to furnish the spinners of the fleecy staple on round numbers at 20 cents.

REAL ESTATE TRANSFER.

Perry Ramsey Sells Fine Tract on Haile's Sink to J. B. Sheffield.

J. B. Sheffield has purchased from Perry G. Ramsey a handsome tract of land comprising three hundred and twenty acres, bordering on Haile's sink, a few miles from this city.

This land is recognized as being among the most fertile of the county. It is especially adapted for pasturage and timber, however, but when the timber has been cut the soil will prove adaptable to almost anything that can be grown in this country.

The student may be able to raise a number to any given power but he can't raise the power of thought by measuring his hat-band.

Some men suffer alone from the defects of their sterling qualities and too often take council of their ambitions.

A Pleasant Affair.

Misses Mary and Nellie DaCosta ententained on Friday evening a number of their young friends in an informal but delightful manner. The evening was passed in a manner appropriate to the occasion, the program comprising music, etc., including the game, "Mrs. Wiggs in the Cabbage Patch."

Delicious refreshments were served, and altogether the Misses DaCosta proved themselves most hospitable entertainers.

The shell game can be worked with wondrous ease—among those who bite.

A man in the "dumps" has no business making a speech on deformities.

FARMER, HOG AND HOMINY.

It is unnecessary for The Sun to recapitulate the Sea Island cotton crop for the season which is now nearing a close, for it would be a sad story to the honest farmer whose hopes at the beginning of the season were so high. At any rate, it may be added that the output has fallen far short of that which was anticipated, with the result that the cotton crop this year, as it has been in years before, was a dismal failure, brought about not by a decrease in acreage, but by unfavorable conditions of the weather.

But who is to suffer for this calamity? Not the fellow who has plenty of money with which to purchase the cotton, but by the farmer, who as a rule is dependent upon his products, and who must realize financial benefits therefrom.

The time has come when planters should devote their time and their land and their energy to more substantial products of the soil than cotton. They must get to raising more hog and hominy, and, to an extent, abandon the cultivation of cotton.

By this statement The Sun does not wish to be understood that this industry must be entirely eliminated from the farm; but by decreasing the acreage the loss by adverse conditions, if any, will not be so serious, and the decrease of acreage must naturally mean the increase of marketable value.

If our planters will take the advice here offered, and will turn their attention to the cultivation of corn, oats, hay, potatoes, sugarcane and other diversified crops which will fill the cribs and barns and smoke-houses, they will find themselves a great deal better off in the due course of time.

Let the farmer quit raising five-cent cotton and buying twelve-cent bacon.

THE GAMBLER'S CHANCE.

Richard A. Canfield, the big New York gambler, who has recently been in the limelight of publicity because of a lawsuit, puts the gaming proposition in unique form: "If you play with a gambler long enough," says Canfield, "he is bound to win your money. He can't help but get it. When you play with me in round numbers you put up $100, and against that I put up $90. Now figure how long you can keep doing this. You may win my money now and then, you may break me temporarily, but as long as you play against me at the odds of 100 to 90, in the end I'll have your money."

Canfield ought to know. He is reputed to have made $5,000,000 in the gambling business. It is said he has not personally touched a card in twenty years. He intrusts the business of his establishment to subordinates and relies with mathematical certainty upon the returns. Canfield puts it very plainly. If you go into the gambler's game he has 100 chances to your 90—ten chances to your nine. If you stay in the game long enough—and the majority of the players do—he will get your pile. It is simply science, skill and luck pitted against absolute certainty. The end is known from the beginning.

That is where the average man who gambles makes his fundamental mistake. He imagines that good fortune will beat the law of mathematics. He bets on the theory that good playing and luck will enable him to overcome the stubborn fact that 10 is one more than 9. Canfield says what everyone ought to know: When you go up against the gambler's game you go up against a dead sure thing. The gambler's game is not "game of chance" at all. Chance has nothing to do with it. It is financial robbery done scientifically. Gambler Canfield's frank statement will have little effect, however. There will always be the man who fancies he can change 9 into a bigger figure than 10.

A few years ago a man with a million dollars was supposed to have reached almost the acme of wealth. Today The Wall Street Journal estimates that the wealth of the six richest men in America aggregates $1,000,000,000, or as much as ten hundred single millionaires would possess. Looks like the rich are getting richer, all right, whether the poor are getting poorer or not.

Probably there never would have been any talk of the government going into the railway business if the railways had not shown a disposition to go into the government business.

President Roosevelt says it is not a sin to be rich. Still, it is a sin to be sinfully rich.

LICENSE REPORT

For Licenses Issued Up to and Including Issue of October 18.

Number of licenses issued, 226; amount collected for State, $1,504.50; for county, $816; total, $2,320.50. Total issue of 1905, 611; amount collected for State, $3,692.50; for county, $2,374.30; total, $6,066.80, showing a deficiency in 1906 of 385 licenses, and in amount collected, $3,746 30.

The law contemplates, that persons engaged in any kind of business or profession requiring a license, will procure same on or before the first day of October of each year.

According to the above statement there remains nearly 400 licenses yet to be issued. It takes an average of fifteen minutes to issue a license and make a duplicate of same, which has to be made.

I shall on the first day of November begin making a list for the State's attorney of those engaged in business and professions without licenses, so if you are one of the above number, and don't wish your name included in said list, come around to see me, or send in.

Yours respectfully,
W. D. DICKINSON,
Tax Collector.

State Treasurer Berry of Pennsylvania is giving the Republican machine of that State a much-needed lesson. Berry is a Democrat, but he is supported by The Philadelphia Press, and the Lincoln Republicans, as well as the Democratic party. He is sifting the charges of extravagance and graft in the building of the new capitol to the very bottom. He has exposed much fraud and corruption, and has called upon Attorney-General Carson to prosecute the Pennypacker Board of Public Buildings and Grounds and demand an accounting. President Roosevelt may plead for the grafters, but he can't save them. Berry means business.

Campaign Funds Sued For.

Cincinnati, O., Oct. 19.—An accounting of the sum of $170,012, alleged to be the amount of the Republican campaign fund for last year in this city, was demanded in a suit filed by Louis H. Keuez, a former city employe, who says he contributed $15 to the fund. The petition asks for an accounting and for the distribution among the contributors of $140,000, believed to have been in hand when the campaign expenses were paid. The finance committee and its individual members are made defendants. The petition gives among the alleged contributions the sum of $6,250 from federal employes, $625 from state officials, from private corporations $59,500, and from public service and steam railways $50,000. The suit was filed in the common pleas court.

USED DYNAMITE TO CHECK FIRE.

Business Section of Seneca, Destroyed by Flames.

Columbia, S. C., Oct. 19.—The town of Seneca, S. C., was visited by fire, and property worth about $75,000 was destroyed. The property was insured for $25,000.

The fire originated in the Oconee Inn, a new brick hotel, which was totally destroyed. The Palmetto hotel, recently completed, together with the stores of Hunt & Harper, Luther Moore, and Stribling's pharmacy were burned.

Both hotels were well filled with guests and there were several narrow escapes. The doors of several rooms were forced in in order to rescue the occupants.

Rumors were circulated early that the fire was the result of incendiarism and was started by negroes in revenge for the destruction of a negro college by dynamite at that place on Sunday night last. Later investigation, however, showed that there was little on which to base the rumors. The negro population of the town did everything in its power to stay the progress of the flames.

As the town had no fire apparatus, it was necessary to use dynamite to check the fire.

BEAUTIFUL TRIBUTES TO B. F. JORDAN

Elks Held Most Impressive Memorial Service Thursday Night.

THE MEETING WAS TOUCHED

It Was One of the Saddest and Most Impressive Ceremonies the Local Lodge Has Ever Known, and Had Its Effect on All—Resolutions.

One of the most impressive services ever held in Gainesville was the memorial service held by Gainesville Lodge No. 990, B. P. O. Elks, which terminated the regular meeting of that order Thursday night.

The service was held in memory of Brother Birkett Fry Jordan, one of the most beloved members of that order, the death of whom occurred Wednesday morning.

Exalted Ruler Henry S. Chubb paid a most touching and beautiful tribute to the life and character of the deceased, which at times was so pathetic and sincere that it was difficult for the members of the lodge present to refrain from dropping a few tears.

Col. Chubb was followed by Rev. Francis H. Craighill, a member of the order and also rector of Holy Trinity Episcopal Church, of which deceased was a member and an active worker. Dr Craighill's eulogy was also beautiful, touching largely upon his intimate acquaintance in both social and church life with the deceased. Rev. S. B. Rogers of the First Baptist Church also paid a most pathetic and deserving eulogy to Mr. Jordan, and said that he agreed with his brother, the exalted ruler, that if the angels of heaven had come among the members of Gainesville Lodge for a subject for eternal blessedness, there could have been found no Elk more ready to sacrifice, or more fittingly prepared to meet his God, than Brother Jordan.

Every member of the order present who had a personal acquaintance with the deceased brother expressed himself, and in all, the scene was a touching one, but a tribute well earned and well deserved.

At the conclusion of these tributes, during which an impressive solemnity reigned, the following resolutions were unanimously adopted:

Resolutions.

"Whereas, The Grand Exalted Ruler of the Universe in his inscrutable wisdom, has deemed it proper to summon the spirit of Brother Birkett Fry Jordan from association with his brothers and friends upon this mundane sphere to perpetual rest and peace in the Grand Lodge of Eternity, and

"Whereas, We are deeply conscious of the great loss sustained, both by the city of Gainesville and this lodge in the death of this brother, who, throughout a long life, was a citizen of the highest type, an exemplar of the fraternal precepts of our order, and was loved and respected by everyone in our community, therefore be it

"Resolved, That Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, deeply sensible of it's loss in the death of Brother Jordan, commemorates his virtues and gives expression to the esteem and affection in which he was held by every member of this lodge; be it further

"Resolved, That the sympathy of this lodge be extended to his family, and his sorrowing relatives and friends, and that a copy of these resolutions be furnished his family, the local press, The Times-Union and the same engrossed upon the minutes of this lodge.

Mr. Wigginton and Miss Corpew United in Presence of a Few Friends.

Melrose, Oct. 19.—A beautiful morning wedding was that of Mr. Allan M. Wigginton of Miami and Miss Flossie Corpew, which transpired at the beautiful home of the bride Wednesday morning at eight o'clock.

Notwithstanding the early hour, quite a number of admiring friends of the contracting parties were present to witness the ceremony, which was performed by Rev. W. S. Lawler, according to the ritual of the Methodist church, in a beautiful and impressive manner.

The home was beautifully decorated with palms and Duchess roses, the spacious double parlors being used for the occasion.

Just at the appointed hour the bridal party entered to the strains of Mendenssohn's wedding march, beautifully rendered by Miss Sadie Mullen. The two bride's maids, Misses Claude McRae and Mary DaCosta of Gainesville, preceded the bride and groom, entering from the back parlor, and proceeded to the front parlor, where the minister stood in the bay-window, which was decorated in evergreens and roses, and formed a fitting shrine. Morrison's "Meditation" was softly played during the progress of the ceremony.

The bride's maids wore soft white dresses, while the attractive bride was becomingly attired in a going-away gown of blue silk, carrying a shower boquet of bride's roses and trailing ferns.

After extending congratulations the guests had an opportunity of viewing the bridal presents, which were elegant and numerous, attesting to the popularity of the young couple.

Miss Corpew is the charming daughter of Mrs. M. Corpew. Having lived here since early childhood, and by her attractive ways, she has endeared herself to all.

Mr. Wigginton is a young man of sterling worth and for some years has been connected with a large gents' furnishing house in Miami.

After a tour of the State, Mr. and Mrs. Wigginton will return to Miami, their future home.

During that time five of the old soldiers died, but no deaths occurred within the past 30 days.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

The Publishers Claims Sustained

UNITED STATES COURT OF C

The Publishers of Webster's International Dictionary allege that it "is, in fact, the Unabridged thoroughly re-edited in detail, and vastly enriched in every part the purpose of adapting it to meet the and severer requirements of another tion."

We are of the opinion that this allegation most clearly and accurately describes work that has been accomplished and result that has been reached. The Dictionary as it now stands, has been thoroughly edited in every detail, has been corrected every part, and is admirably adapted to the larger and severer requirements of generation which demands more of philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we to the dictionary in our judicial work the highest authority in accuracy of tion; and that in the future as in the will be the source of constant reference.

STORM HEADED TO THE SEA

Floodtides Caused by Northeaster at New York.

AND ALSO AT CONEY ISLAND

Waters of Hudson Roll Over Thirteenth Street—Coney Is Pounded by Highest Tide in Thirty Years. Railroads Are Inundated.

New York, Oct. 20.—The Evening Telegram prints a dispatch from Havana reporting more than 100 persons dead from the cyclone there. The cruiser Brooklyn was torn from her moorings and thrown on the shore.

Havana Still Isolated.

New York, Oct. 20.—Havana and southern Florida were still isolated, so far as wire communication is concerned, at an early hour Friday. Late reports from the storm which cut off wire communication were that it had left the south Florida coast and headed out to sea.

In this city and vicinity the precursors of the hurricane were abnormally high tides at Coney Island and along the shore of the Hudson river in Manhattan, a fresh breeze all Wednesday night, Thursday and Thursday night and rain.

The northeaster which has been blowing here for two days has driven in the water of the Hudson, which rolled over Thirteenth avenue Thursday forenoon a foot deep.

Hudson river experts say this is the highest tide in 30 years.

Coney Island had one of the highest tides ever seen on the island. It pounded the great bulkhead at the foot of Ocean Parkway. Waves rolled over it with a boom, and inundated the roadways, bicycle paths, tracks of the Brighton Beach railroad and the grounds of the Hotel Riccadonna.

Great Damage Done.

New York, Oct. 20.—The Western Union Telegraph company announces that their cables to Havana are intact and that communication with its office has been had, but no details as to any storm damage has been received. The opinion is expressed that no great damage has occurred, or information to that effect would have been forthcoming. A man who arrived Friday morning at Fort Pierce, 150 miles north of Miami, Fla., says that there has been great damage to houses and buildings along the east coast, but no loss of life is reported.

HIGH SPRINGS HAPPENINGS.

A Minister of the Gospel Loses Heavily By Fire—Other Notes of Interest.

High Springs, Oct. 20—The house occupied by the Rev. G. E Thompson, and belonging to L. C. Gracy, was burned this week, and the contents almost an entire loss, as the fire had progressed extensively before it was discovered. Mr. Thompson was away holding a meeting in Fort White. He sustained a great loss in the destruction of his theological library, which contained many valuable works.

Mrs. W. T. Knight of Savannah has returned to her home, after a pleasant visit to relatives in High Springs.

The New Century Club was reorganized this week, and the study for the year selected. The students' reference work will furnish topics for study.

Mr. and Mrs. George Walworth of Birmingham, Ala., who have been on a business and social visit to High Springs, returned this week. They were entertained while here by Mr. and Mrs. W. C. Summers.

Mrs. E. K. Anderson has returned from her summer's outing, much to the gratification of her friends.

Mrs. Modes Mathers of Micanopy has moved to High Springs, and will make her home with her daughter, Mrs. W. P. Summers.

The school, under the management of Miss M. A. Mann, principal, is progressing finely with a good attendance and full corps of teachers.

DRAINAGE QUESTION TO BE DISCUSSED

Voters of Three Alachua County Precincts To Hear Argument.

A VERY DISTINGUISHED TRIO

Governor N. B. Broward, Hon. A. G. Hartridge and Judge Syd L. Carter Will Tell the People Why the Amendment Should be Adopted.

The good people of Alachua county—at least of three towns and precincts—will have an opportunity of hearing addresses upon the necessity of the adoption of the Constitutional amendment in reference to the reclamation of the Everglades this month.

The speakers will be His Excellency Governor N. B. Broward, Hon. A. G. Hartridge of Jacksonville, and Judge Syd L. Carter of this city.

The dates set for the speaking, as announced by hand bills, are as follows: Alachua, Thursday, October 25, at 11 o'clock a. m.; Micanopy, Thursday, October 25, at 8 o'clock p. m.; Hawthorn, Friday, October 26, at 11 o'clock a. m.

The speakers upon this important question extend to the voters a cordial invitation to "come out and receive information."

The meetings will no doubt be well attended, as each of the distinguished trio are excellent orators.

THE DRAINAGE AMENDMENT

ARTICLE XXVIII.

That the following amendment to Article XVI of the Constitution of the State of Florida be and it is hereby agreed to and shall be submitted to the electors of the State at the general election, to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection.

Section 32. The Governor, the Comptroller, the State Treasurer, the Attorney-General and the Commissioner of Agriculture of the State of Florida, and their successors in office, are hereby constituted and designated as a board of drainage commissioners, and are hereby authorized and empowered to establish a system of canals, drains, levees, dikes and reservoirs of such dimension and depths, as in the judgment of said board of drainage commissioners is deemed advisable, to drain and reclaim the swamp and overflowed lands within the State of Florida, or such parts or portions thereof as is deemed best by said board of drainage commissioners from time to time, and to provide for the irrigation of the lands reclaimed, and to maintain such canals, drains, levees, dikes and reservoirs in such manner as will be most advantageous to the territory so drained, the State of Florida, its inhabitants and the commerce thereof.

Section 33. That the board of drainage commissioners are hereby authorized and empowered to establish drainage districts and fix the boundaries thereof in the State of Florida. That the board of drainage commissioners be and it is authorized and empowered to prepare a list or lists of all the alluvial or swamp and overflowed taxable lands within such drainage district or districts, and levy thereon an acreage tax not exceeding ten cents per acre per annum to be fixed annually by said board of drainage commissioners, and the various tax assessors of the various counties embraced in part or in whole within such drainage district or districts shall receive such list or lists and enter the same upon the tax rolls of the county or counties in which such lands may lie and the amount so levied by the board of drainage commissioners in such manner and form as may be prescribed by the board of drainage commissioners from time to time, which amounts shall be collected by the various tax collectors of the counties wherein such levees have been made as other taxes are collected in accordance with law, and pay over said amounts collected to the board of drainage commissioners; said commissioners shall have a lien superior to all other liens upon the taxable lands in any such drainage districts to be enforced by tax levy, for the cost of any work done under the provisions hereof, or done prior to the adoption of this amendment, under the provisions of an act of the Legislature passed in 1905.

Section 34. That the board of drainage commissioners be and it is authorized to exercise the right of eminent domain in the condemnation of land for the location of its canals, drains, levees, dikes and reservoirs for the purpose aforesaid and may enter upon, take and use such land as it may, pending condemnation proceedings, deem necessary for such purposes, and in ascertaining the compensation to be paid for such land or right of way, benefits to be derived from such drainage shall be considered by the jury.

Section 35. The Legislature may provide for the assessment of benefits derived by lands by reason of such drainage, and the collection thereof; the proceeds therefrom shall be paid to the board of drainage commissioners to be used by them for such drainage purposes.

Approved May 27, 1905.

TEN LOSE LIVES IN BIRMINGHAM FIRE

Boarding House Destroyed with Horrible Results.

STILL SEARCHING FOR VICTIMS

Impossible to Identify Any of the Bodies, as They Are Burned Beyond Recognition—Believed to Have Been of Incendiary Origin.

Birmingham, Ala., Oct. 20.—Ten men were burned to death, two seriously and perhaps fatally injured and a third slightly hurt, by jumping from the second story as the result of a fire which destroyed the boarding house of Mrs. E. E. Watley, at 1131 Third avenue, between 2 and 3 o'clock Friday morning.

The dead:

W. N. Nichols, street car conductor.

D. B. Neal, street car conductor.

W. B. Taylor, street car motorman.

G. C. Preston, conductor.

Edward Caldwell, motorman.

E. B. Henshaw, conductor.

Gordon D. Burns, motorman.

William T. Hall, conductor.

W. B. Livingston, rolling mill man.

Ollie H. Hines, employe of Birmingham Paint and Glass company.

The injured:

C. E. Hentch, street car conductor.

G. W. Troutman, motorman.

C. E. Keith, street railway employe.

There were 21 boarders in the house, almost all of whom were street railway employes.

In addition there were three other persons, Mrs. Watley and her two sons. All have been accounted for.

All the dead and injured occupied rooms on the second story of the house.

The flames enveloped the entire building when the fire was discovered, and it was with the greatest difficulty that the persons on the lower floor made their escape. They saved nothing, and every piece of furniture in the house was burned.

The fire is thought to have been of incendiary origin. Burglars have been detected on the premises twice within the last two months, and Mrs. Watley thinks the house was burglarized Friday morning and then set on fire.

Thieves were discovered at work during the progress of the flames, and the police were called to keep guard.

The dead were burned beyond recognition.

The ten charred bodies are at the morgue, where it is impossible to tell one from the other. The names given are those of the missing, the number corresponding with the number of corpses found.

When the fire department reached the scene of the holocaust the body of a man was seen hanging from a second story window. A ladder was quickly raised and the form taken down. The man was dead and burned beyond recognition. He had made a desperate effort to escape but failed.

Another body was found in bed, indications being that the man had been suffocated in his sleep and then burned to a crisp.

A body in an attitude of prayer was discovered in the corner of one of the rooms. The man's hands were uplifted and he was on his knees.

Several corpses were found on the stairway and near windows, showing that those victims had sought to flee from the burning structure, but were overpowered and died.

Other corpses had dropped to the ground floor when portions of the second floor fell in.

It was after daylight before the ten bodies had been found and removed. Later a second search of the ruins was made, but no additional corpses were found, and as no others are missing, it is believed that ten deaths make up the total fatalities to date.

O. C. TOUSEY WAS HEAVILY TOUCHED

Burglar Entered His Room and Relieved Him of Big Wad.

$165 WAS EXTENT OF HIS LOSS

Burglar Entered the Home From the Bath-Room Window On the Second Floor, Proceeded to the Lower Bedroom and Secured the Money.

O. C. Tousey, an energetic and hard-working citizen of this city who has by economy and strict attention to his duties managed to save up considerable money within the past year, has been feeling badly for the past few days over the robbery of his home, in which he is $165 in cash short.

On Saturday evening it is usually the custom of the members of the household to go shopping. While they were thus engaged some miscreant entered the bathroom window on the second floor, by means of a ladder, and, going down-stairs into the bedroom of Mr. and Mrs Tousey, secured two bags, containing in all the amount above stated. The party or parties also secured a watch, but dropped the timepiece as they were descending the ladder and never stopped to pick it up.

Mr. Tousey is employed as a salesman at the store of J. G. Harrold. He is an industrious and hard-working citizen, and his friends greatly deplore his serious loss.

Mr. Tousey stated Thursday that he had not given the secret before to any persons but the officers, with a hope that he would be enabled to apprehend the burglar.

FUNERAL OF MR. JORDAN.

One of the Largest Crowds Ever Seen in Gainesville at Similar Occasion.

One of the largest crowds ever assembled on a similar occasion gathered at Holy Trinity Episcopal Church Thursday morning to attend the funeral of B. F. Jordan, who died Wednesday morning.

The services were conducted at the church by Rev. Francis H. Craighill, rector, and were very impressive. At the conclusion of the services the remains were taken in charge of by Gainesville Lodge No. 990, B. P. O. E., of which deceased was a member, with an escort from Center Lodge No. 11, I. O. O. F., and Colfax Rebekah Lodge No. 2, I. O. O. F. who accompanied the remains to their last resting-place.

The floral decorations were as plentiful as they were handsome, and fragrant, which attested the popularity of the deceased.

As a remark of respect to the deceased, and as a further evidence of the esteem in which he was held, all places of business in the city were closed during the funeral services, which were about an hour.

In the death of Mr. Jordan the people of Gainesville lose a valuable friend, and the city one of its most ardent and progressive citizens.

Makes Homely Women Pretty.

No woman no matter how regular her features may be can be called pretty if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears sallow blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. J. W. McCollum & Co.

Is Your Hair Sick?

That's too bad! We had noticed it was looking pretty thin and rough of late, but naturally did not like to speak of it. By the way, Ayer's Hair Vigor is a regular hair grower, a perfect hair tonic. The hair stops coming out, grows faster, keeps soft and smooth. Ayer's Hair Vigor cures sick hair, makes it strong and healthy.

A DELIGHTFUL OCCASION.

Granite Shower Tendered Miss Corpew by Mrs. O. C. Husband.

Melrose, Oct. 19—A distinctly local shower of a very pleasing description fell in Melrose on Monday afternoon for the special benefit of Miss Flossie Corpew in the shape of a granite shower given by Mrs. O. C. Husband, and the many friends assembling at 4 o'clock were received by the hostess and ushered into the parlor, which was most prettily and gracefully decorated with trailing ivy and pot plants.

After a refreshing cup of tea, Miss Sadie Mullen and Miss Nora Husband entertained the guests with some delightful music, after which the hostess invited the bride to lead the way to an adjoining room to view the many useful pieces of granite-ware displayed on a long table. The proverbial rain of "cats and dogs" was nowhere to this shower of pots and pans and kettles of every size and description. The rhymes accompanying many of the gifts were most amusing and appropriate.

Later on delicious refreshments were served in the dining-room, the color scheme of decorations being pink and green.

INDIGESTION A CRIME.

Don't You Want a Keen Appetite and Perfect Health Once More?

Don't you want keen appetite, vigorous digestion, strong heart action, pure blood, nerves of steel, and natural strength and health restored to you once more?

If you continue to suffer with the ills of indigestion, such as headaches, backaches, sleeplessness, nausea and distress after eating, specks before the eyes, despondency and nervousness, now that you have been told of the good Mi-o-na stomach tablets will do you, then your indigestion is an absolute crime.

Mi-o-na will strengthen all the organs of digestion, so that you will get from your food the nourishment that is needed to support the vital forces and strengthen the nerve powers; the flagging spirits of mind and body will be rejuvenated; hope, courage and strength will be restored.

The fact that Mi-o-na is sold under an absolute guarantee by J. W. McCollum & Co. to strengthen the digestive system and restore health, or they will refund the money, proves most clearly and strongly the great merit of this remedy.

Ask them to show you the guarantee they give with every 50-cent box of Mi-o-na. This will show their faith in the remedy, and Mi-o-na itself will soon demonstrate its health-giving qualities.

Ute Indians Giving Trouble.

Cheyenne, Wyo., Oct. 19.—Governor Brooks has telegraphed the interior department asking for federal troops to aid in preserving order and to arrest and remove a band of Ute Indians now in the vicinity of Gillette, Wyo.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

SOUTH BOUND TRAVEL.

Thirty-Six Passengers in One Body Bound For St. Petersburg.

Travel on all south-bound trains is unusually heavy for this season of the year, which is naturally an evidence that the season will be an early and a large one. Already there are many strangers in Gainesville, and many who usually come in November and December are already here for the winter.

The south-bound passenger train over the Atlantic Coast Line Thursday had an extra coach, this coach being used for the accommodation of one "block" of thirty-six passengers from the Northwest, with St. Petersburg as their destination.

The boarding houses and hotels of Florida will reap a good harvest the coming season.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the great discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

For Toting a Pistol.

The carrying of concealed weapons has proved a costly proposition to those who have been apprehended, and there are many; but it does not seem to have the warning effect upon others who persist in violating this law, with the result that the coffers of the county are frequently increased to the extent of a heavy fine.

The latest victim recorded is Steve Thigpin, a negro who was arrested in Newberry by Constable J. D. Siford and convicted in Justice Henderson's court, being fined $100 and costs or six months in the "gang."

Thigpin being financially embarrassed, was brought across country by Officer Siford to jail in this city, but upon his arrival here found a party awaiting him to pay the money, when Thigpin was released.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpanrick of Danforth, Me. Greatest restorative medicine on the globe. Sets stomach, liver and kidneys right, purifies the blood, and cures malaria, billiousness and weakness. Wonderful nerve tonic. Price 50c. Guaranteed by all druggists.

First Annual Convention.

Memphis, Tenn., Oct. 19.—Thursday the twenty-first annual convention of the Brotherhood of St. Andrew assembled in Memphis, over 200 delegates from all parts of the United States being present. Bishop Thomas F. Gailor welcomed the delegates, and the anniversary sermon was preached by Rev. Peter Gray Sears, rector of Christ church, Houston, Tex. A business meeting was held in the afternoon.

SKIN DISEASES
FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in blood caused by faulty assimilation of food and poor bowel action; fiery acrid matter is forced to the surface through the pores and gla Pustules are formed, discharging a sticky fluid which dries and makes a cr causing intense itching. When the crusts or scabs are scratched off skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while t relieve the itching and give the sufferer temporary comfort, cannot cure trouble because they do not reach the acid laden blood. The best treatm for all skin diseases is S. S. S., a remedy is purely vegetable and one which acts dire on the blood with a cleansing, healing ef S. S. S. neutralizes the acids, and purifies blood so that the skin instead of being blist and burned by the fiery fluids, is nourished a supply of cooling, healthy blood. Spe book on Skin Diseases and any medical advice desired will be furni without charge.

EMERSON BUYS PROPERTY.

Fine Farm and Effects of W. G. Richardson Has Been Sold.

A. H. Emerson of Tacoma has come into possession of some new and valuable property, the farm of Mr. and Mrs. W. G. Richardson having been purchased by him.

This farm is small, but a good one, being one of the most fertile in the Tacoma section. It is known as the Bruce place, and when a trucker could not grow lettuce and cucumbers and other things on that land, he was put down as a "fellow who couldn't grow anything anywhere."

Sixteen acres of this farm is cleared and under good fence. The remainder is timber land, but can be cleared at the pleasure of the owner.

Mr. Emerson's friends are congratulating him upon the purchase of this valuable tract.

Nothing can harm you but yourself.

BUYERS WILL BE OUT.

May Not Be Enabled to Furnish Spinners Without a Loss.

Information has been received in this city from a supposedly reliable source that the firm of M. L. Burnett & Co., Live Oak, a few days recently made a consignment of a large quantity of Sea Island cotton f. o. b. Live Oak, 24 cents, which found a ready market in Savannah at 24½ and 25 cents.

If this be true, it will prove a heavy blow to several prominent buyers throughout the Sea Island cotton belt who contracted early in the season to furnish the spinners of the fleecy staple on round numbers at 20 cents.

REAL ESTATE TRANSFER.

Perry Ramsey Sells Fine Tract on Haile's Sink to J. B. Sheffield.

J. B. Sheffield has purchased from Perry G. Ramsey a handsome tract of land comprising three hundred and twenty acres, bordering on Haile's sink, a few miles from this city.

This land is recognized as being among the most fertile of the county. It is especially adapted for pasturage and timber, however, but when the timber has been cut the soil will prove adaptable to almost anything that can be grown in this country.

The student may be able to raise a number to any given power but he can't raise the power of thought by measuring his hat-band.

Some men suffer alone from the defects of their sterling qualities and too often take council of their ambitions.

A Pleasant Affair.

Misses Mary and Nellie DaCosta entertained on Friday evening a number of their young friends in an informal but delightful manner. The evening was passed in a manner appropriate to the occasion, the program comprising music, etc., including the game, "Mrs. Wiggs in the Cabbage Patch."

Delicious refreshments were served, and altogether the Misses DaCosta proved themselves most hospitable entertainers.

The shell game can be worked with wondrous ease—among those who bite.

FARMER, HOG AND HOMINY.

It is unnecessary for The Sun to recapitulate the Sea Island cotton crop for the season which is now nearing a close, for it would be a sad story to the honest farmer whose hopes at the beginning of the season were so high. At any rate, it may be added that the output has fallen far short of that which was anticipated, with the result that the cotton crop this year, as it has been in years before, was a dismal failure, brought about not by a decrease in acreage, but by unfavorable conditions of the weather.

But who is to suffer for this calamity? Not the fellow who has plenty of money with which to purchase the cotton, but by the farmer, who as a rule is dependent upon his products, and who must realize financial benefits therefrom.

The time has come when planters should devote their time and their land and their energy to more substantial products of the soil than cotton. They must get to raising more hog and hominy, and, to an extent, abandon the cultivation of cotton.

By this statement The Sun does not wish to be understood that this industry must be entirely eliminated from the farm; but by decreasing the acreage the loss by adverse conditions, if any, will not be so serious, and the decrease of acreage must naturally mean the increase of marketable value.

If our planters will take the advice here offered, and will turn their attention to the cultivation of corn, oats, hay, potatoes, sugarcane and other diversified crops which will fill the cribs and barns and smoke-houses, they will find themselves a great deal better off in the due course of time.

Let the farmer quit raising five-cent cotton and buying twelve-cent bacon.

THE GAMBLER'S CHANCE.

Richard A. Canfield, the big New York gambler, who has recently been in the limelight of publicity because of a lawsuit, puts the gaming proposition in unique form: "If you play with a gambler long enough," says Canfield, "he is bound to win your money. He can't help but get it. When you play with me in round numbers you put up $100, and against that I put up $90. Now figure how long you can keep doing this. You may win my money now and then, you may break me temporarily, but as long as you play against me at the odds of 100 to 90, in the end I'll have your money."

Canfield ought to know. He is reputed to have made $5,000,000 in the gambling business. It is said he has not personally touched a card in twenty years. He intrusts the business of his establishment to subordinates and relies with mathematical certainty upon the returns. Canfield puts it very plainly. If you go into the gambler's game he has 100 chances to your 90—ten chances to your nine. If you stay in the game long enough—and the majority of the players do—he will get your pile. It is simply science, skill and luck pitted against absolute certainty. The end is known from the beginning.

That is where the average man who gambles makes his fundamental mistake. He imagines that good fortune will beat the law of mathematics. He bets on the theory that good playing and luck will enable him to overcome the stubborn fact that 10 is one more than 9. Canfield says what everyone ought to know: When you go up against the gambler's game you go up against a dead sure thing. The gambler's game is not "game of chance" at all. Chance has nothing to do with it. It is financial robbery done scientifically. Gambler Canfield's frank statement will have little effect, however. There will always be the man who fancies he can change 9 into a bigger figure than 10.

A few years ago a man with a million dollars was supposed to have reached almost the acme of wealth. Today The Wall Street Journal estimates that the wealth of the six richest men in America aggregates $1,000,000,000, or as much as ten hundred single millionaires would possess. Looks like the rich are getting richer, all right, whether the poor are getting poorer or not.

Probably there never would have been any talk of the government going into the railway business if the railways had not shown a disposition to go into the government business.

President Roosevelt says it is not a sin to be rich. Still, it is a sin to be sinfully rich.

LICENSE REPORT

For Licenses Issued Up to and Including Issue of October 18.

Number of licenses issued, 226; amount collected for State, $1,504.50; for county, $816; total, $2,320.50. Total issue of 1905, 611; amount collected for State, $3,892.50; for county, $2,374.30; total, $6,066.80, showing a deficiency in 1906 of 385 licenses, and in amount collected, $3,746.30.

The law contemplates, that persons engaged in any kind of business or profession requiring a license, will procure same on or before the first day of October of each year.

According to the above statement there remains nearly 400 licenses yet to be issued. It takes an average of fifteen minutes to issue a license and make a duplicate of same, which has to be made.

I shall on the first day of November begin making a list for the State's attorney of those engaged in business and professions without licenses, so if you are one of the above number, and don't wish your name included in said list, come around to see me, or send in.

Yours respectfully,
W. D. DICKINSON,
Tax Collector.

State Treasurer Berry of Pennsylvania is giving the Republican machine of that State a much-needed lesson. Berry is a Democrat, but he is supported by The Philadelphia Press, and the Lincoln Republicans, as well as the Democratic party. He is sifting the charges of extravagance and graft in the building of the new capitol to the very bottom. He has exposed much fraud and corruption, and has called upon Attorney General Carson to prosecute the Pennypacker Board of Public Buildings and Grounds and demand an accounting. President Roosevelt may plead for the grafters, but he can't save them. Berry means business.

Campaign Funds Sued For.

Cincinnati, O., Oct. 19.—An accounting of the sum of $170,012, alleged to be the amount of the Republican campaign fund for last year in this city, was demanded in a suit filed by Louis H. Keuez, a former city employe, who says he contributed $15 to the fund. The petition asks for an accounting and for the distribution among the contributors of $140,000, believed to have been in hand when the campaign expenses were paid. The finance committee and its individual members are made defendants. The petition gives among the alleged contributions the sum of $6,250 from federal employes, $625 from state officials, from private corporations $59,500, and from public service and steam railways $50,000. The suit was filed in the common pleas court.

Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." Hong Kong, Oct. 19.—A report has been received from Canton that the board of commerce at Pekin had telegraphed the viceroy requesting a discontinuance of the construction of the Whampoa railway on account of the representations that the projected line was opposed to the Kow Loon-Canton railroad. The viceroy replied, it is said, that he was unwilling to discontinue the work for the reason that the commencement of the Whampoa road was anticipated by the owners of the Kow Loon line.

USED DYNAMITE TO CHECK FIRE.

Business Section of Seneca, Destroyed by Flames.

Columbia, S. C., Oct. 19.—The town of Seneca, S. C., was visited by fire, and property worth about $75,000 was destroyed. The property was insured for $25,000.

The fire originated in the Oconee Inn, a new brick hotel, which was totally destroyed. The Palmetto hotel, recently completed, together with the stores of Hunt & Harper, Luther Moore, and Stribling's pharmacy were burned.

Both hotels were well filled with guests and there were several narrow escapes. The doors of several rooms were forced in in order to rescue the occupants.

Rumors were circulated early that the fire was the result of incendiarism and was started by negroes in revenge for the destruction of a negro college by dynamite at that place on Sunday night last. Later investigation, however, showed that there was little on which to base the rumors. The negro population of the town did everything in its power to stay the progress of the flames.

As the town had no fire apparatus, it was necessary to use dynamite to check the fire.

BEAUTIFUL TRIBUTES TO B. F. JORDAN

Elks Held Most Impressive Memorial Service Thursday Night.

THE MEETING WAS TOUCHED

It Was One of the Saddest and Most Impressive Ceremonies the Local Lodge Has Ever Known, and Had Its Effect on All—Resolutions.

One of the most impressive services erer held in Gainesville was the memorial service held by Gainesville Lodge No. 990, B. P. O. Elks, which terminated the regular meeting of that order Thursday night.

The service was held in memory of Brother Birkett Fry Jordan, one of the most beloved members of that order, the death of whom occurred Wednesday morning.

Exalted Ruler Henry S. Chubb paid a most touching and beautiful tribute to the life and character of the deceased, which at times was so pathetic and sincere that it was difficult for the members of the lodge present to refrain from dropping a few tears.

Col. Chubb was followed by Rev. Francis H. Craighill, a member of the order and also rector of Holy Trinity Episcopal Church, of which deceased was a member and an active worker. Dr. Craighill's eulogy was also beautiful, touching largely upon his intimate acquaintance in both social and church life with the deceased. Rev. S. B. Rogers of the First Baptist Church also paid a most pathetic and deserving eulogy to Mr. Jordan, and said that he agreed with his brother, the exalted ruler, that if the angels of heaven had come among the members of Gainesville Lodge for a subject for eternal blessedness, there could have been found no Elk more ready to sacrifice, or more fittingly prepared to meet his God, than Brother Jordan.

Every member of the order present who had a personal acquaintance with the deceased brother expressed himself, and in all, the scene was a touching one, but a tribute well earned and well deserved.

At the conclusion of these tributes, during which an impressive solemnity reigned, the following resolutions were unanimously adopted:

Resolutions.

"Whereas, The Grand Exalted Ruler of the Universe in his inscrutable wisdom, has deemed it proper to summon the spirit of Brother Birkett Fry Jordan from association with his brothers and friends upon this mundane sphere to perpetual rest and peace in the Grand Lodge of Eternity, and

"Whereas, We are deeply conscious of the great loss sustained, both by the city of Gainesville and this lodge in the death of this brother, who, throughout a long life, was a citizen of the highest type, an exemplar of the fraternal precepts of our order, and was loved and respected by everyone in our community, therefore be it

"Resolved, That Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, deeply sensible of it's loss in the death of Brother Jordan, commemorates his virtues and gives expression to the esteem and affection in which he was held by every member of this lodge; be it further

"Resolved, That the sympathy of this lodge be extended to his family, and his sorrowing relatives and friends, and that a copy of these resolutions be furnished his family, the local press, The Times-Union and the same engrossed upon the minutes of this lodge.

A BEAUTIFUL HOME WEDDING.

Mr. Wigginton and Miss Corpew United in Presence of a Few Friends.

Melrose, Oct. 19.—A beautiful morning wedding was that of Mr. Allan M. Wigginton of Miami and Miss Flossie Corpew, which transpired at the beautiful home of the bride Wednesday morning at eight o'clock.

Notwithstanding the early hour, quite a number of admiring friends of the contracting parties were present to witness the ceremony, which was performed by Rev. W. S. Lawler, according to the ritual of the Methodist church, in a beautiful and impressive manner.

The home was beautifully decorated with palms and Dacheas roses, the spacious double parlors being used for the occasion.

Just at the appointed hour the bridal party entered to the strains of Mendenssohn's wedding march, beautifully rendered by Miss Sadie Mullen. The two bride's maids, Misses Claude McRae and Mary DaCosta of Gainesville, preceded the bride and groom, entering from the back parlor, and proceeded to the front parlor, where the minister stood in the bay-window, which was decorated in evergreens and roses, and formed a fitting shrine. Morrison's "Meditation" was softly played during the progress of the ceremony.

The bride's maids wore soft white dresses, while the attractive bride was becomingly attired in a going-away gown of blue silk, carrying a shower boquet of bride's roses and trailing ferns.

After extending congratulations the guests had an opportunity of viewing the bridal presents, which were elegant and numerous, attesting to the popularity of the young couple.

Miss Corpew is the charming daughter of Mrs. M. Corpew. Having lived here since early childhood, and by her attractive ways, she has endeared herself to all.

Mr. Wigginton is a young man of sterling worth and for some years has been connected with a large gents' furnishing house in Miami.

After a tour of the State, Mr. and Mrs. Wigginton will return to Miami, their future home.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

The Publishers' Claims Sustained

UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International Dictionary allege that it "is, in fact, the familiar Unabridged thoroughly re-edited in detail, and vastly enriched in every part, the purpose of adapting it to meet the [illegible] and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to the larger and severer requirements of a generation which demands more exact philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that reference to the dictionary in our judicial proceedings is the highest authority in accuracy and definition; and that in the future as in the past it will be the source of constant reference.
